3. TECHNICAL SPECIFICATION

Specification	Description	Unity	Price
Dak.R.LUC70.906x	Supply and installation of ridge vent roll, central part in non-woven PP fabric, heatsealed to the "flashings" on the sides in aluminum or copper. Non-woven fabric has been sewn and glued, is equipped with a central reinforcement for easy fixing to the batten. Butyl strips on the bottom of flashings in aluminum or copper, make the installation easier ensuring adherence to the brick. Made of PP (polypropylene) and aluminum flashings. Used to improve ventilation of the ridge.
