HERMETIC CATCH-PIT FOR ELECTRIC CABLES

2. USE

Used for the grounding of electric cables, allowing an easy placement of the components of the junctions and cables and at the same time, to provide an adequate protection.
This product is ideal in correspondence of poles for public lighting.

3. TECHNICAL SPECIFICATION

Specification	Description	Unity	Price
Dak.D.POZ10.1347	Supply and installation of catch-pit. It is provided with hermetic closure and 3 pre-cutted outlets on the bottom, with the possibility of mounting press tube fittings. The dimension of 250 x 250 mm allows to easily place the components of the junction or electrical cables' junction, ensuring an adequate protection and tightness, due to the kit of rubber gasket and screws. Made of PP (polypropylene). Used for the grounding of electric cables, allowing an easy placement of the components of the junctions and cables and at the same time, to provide an adequate protection. This product is ideal in correspondence of poles for public lighting.	pc.	-
