Methods and material for containment and cleaning up         Methods for cleaning up       : Collect spillage. Minimise generation of dust. This material and its container must be disposed of in a safe way, and as per local legislation.         6.4. Reference to other sections	5.3. Advice for firefighters	
6.1. Personal precautions, protective equipment and emergency procedures         General measures       : Avoid contact with skin and eyes.         6.1.1. For non-emergency personnel         Protective equipment       : Concerning personal protective equipment to use, see section 8.         6.1.2. For emergency responders         Protective equipment       : Concerning personal protective equipment to use, see section 8.         6.1.2. For emergency responders         Protective equipment       : Concerning personal protective equipment to use, see section 8.         6.2. Environmental precautions         Prevent entry to sewers and public waters.         6.3. Methods and material for containment and cleaning up         Methods for cleaning up       : Collect spillage. Minimise generation of dust. This material and its container must be disposed of in a safe way, and as per local legislation.         6.4. Reference to other sections	Firefighting instructions	: Prevent fire fighting water from entering the environment.
6.1. Personal precautions, protective equipment and emergency procedures         General measures       : Avoid contact with skin and eyes.         6.1.1. For non-emergency personnel         Protective equipment       : Concerning personal protective equipment to use, see section 8.         6.1.2. For emergency responders         Protective equipment       : Concerning personal protective equipment to use, see section 8.         6.1.2. For emergency responders         Protective equipment       : Concerning personal protective equipment to use, see section 8.         6.2. Environmental precautions         Prevent entry to sewers and public waters.         6.3. Methods and material for containment and cleaning up         Methods for cleaning up       : Collect spillage. Minimise generation of dust. This material and its container must be disposed of in a safe way, and as per local legislation.         6.4. Reference to other sections		
General measures       : Avoid contact with skin and eyes.         6.1.1. For non-emergency personnel       Protective equipment         Protective equipment       : Concerning personal protective equipment to use, see section 8.         6.1.2. For emergency responders       : Concerning personal protective equipment to use, see section 8.         6.1.2. For emergency responders       : Concerning personal protective equipment to use, see section 8.         6.2. Environmental precautions       Prevent entry to sewers and public waters.         6.3. Methods and material for containment and cleaning up       : Collect spillage. Minimise generation of dust. This material and its container must be disposed of in a safe way, and as per local legislation.         6.4. Reference to other sections		
6.1.1. For non-emergency personnel         Protective equipment       : Concerning personal protective equipment to use, see section 8.         6.1.2. For emergency responders         Protective equipment       : Concerning personal protective equipment to use, see section 8.         6.2. Environmental precautions         Prevent entry to sewers and public waters.         6.3. Methods and material for containment and cleaning up         Methods for cleaning up       : Collect spillage. Minimise generation of dust. This material and its container must be disposed of in a safe way, and as per local legislation.         6.4. Reference to other sections		
Protective equipment       : Concerning personal protective equipment to use, see section 8.         6.1.2. For emergency responders       Protective equipment         Protective equipment       : Concerning personal protective equipment to use, see section 8.         6.2. Environmental precautions       Prevent entry to sewers and public waters.         6.3. Methods and material for containment and cleaning up       Methods for cleaning up         : Collect spillage. Minimise generation of dust. This material and its container must be disposed of in a safe way, and as per local legislation.         6.4. Reference to other sections	General measures	: Avoid contact with skin and eyes.
Protective equipment       : Concerning personal protective equipment to use, see section 8.         6.1.2. For emergency responders       Protective equipment         Protective equipment       : Concerning personal protective equipment to use, see section 8.         6.2. Environmental precautions       Prevent entry to sewers and public waters.         6.3. Methods and material for containment and cleaning up       Methods for cleaning up         : Collect spillage. Minimise generation of dust. This material and its container must be disposed of in a safe way, and as per local legislation.         6.4. Reference to other sections	6.1.1. For non-emergency personnel	
Protective equipment       : Concerning personal protective equipment to use, see section 8.         6.2. Environmental precautions       Prevent entry to sewers and public waters.         6.3. Methods and material for containment and cleaning up       Methods for cleaning up         Methods for cleaning up       : Collect spillage. Minimise generation of dust. This material and its container must be disposed of in a safe way, and as per local legislation.         6.4. Reference to other sections		: Concerning personal protective equipment to use, see section 8.
Protective equipment       : Concerning personal protective equipment to use, see section 8.         6.2. Environmental precautions       Prevent entry to sewers and public waters.         6.3. Methods and material for containment and cleaning up       Methods for cleaning up         Methods for cleaning up       : Collect spillage. Minimise generation of dust. This material and its container must be disposed of in a safe way, and as per local legislation.         6.4. Reference to other sections		
6.2. Environmental precautions         Prevent entry to sewers and public waters.         6.3. Methods and material for containment and cleaning up         Methods for cleaning up       : Collect spillage. Minimise generation of dust. This material and its container must be disposed of in a safe way, and as per local legislation.         6.4. Reference to other sections		
Prevent entry to sewers and public waters.         6.3. Methods and material for containment and cleaning up         Methods for cleaning up       : Collect spillage. Minimise generation of dust. This material and its container must be disposed of in a safe way, and as per local legislation.         6.4. disposed of in a safe way, and as per local legislation. 6.4. Reference to other sections		
	Methods for cleaning up	
See Heading 8. Concerning disposal elimination after cleaning, see section 13.	6.4. Reference to other sections	
	See Heading 8. Concerning disposal elimination af	ter cleaning, see section 13.

SECTION 7: Handling and storage				
7.1. Precautions for safe handling				
Precautions for safe handling	: Use personal protective equipment as required. Do not get in eyes, on skin, or on clothing.			
Hygiene measures	: Do not eat, drink or smoke when using this product. Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work.			
7.2. Conditions for safe storage, including any incompatibilities				
Storage conditions	: Store in dry protected location to prevent any moisture contact.			
7.3. Specific end use(s)				
No additional information available				

### Safety Data Sheet

according to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EU) 2015/830

SECTION 8: Exposure controls/personal protection

### 8.1. Control parameters

No additional information available

### 8.2. Exposure controls

### Personal protective equipment:

Gloves. Safety glasses. Protective clothing. Dust production: dust mask with filter type P2.

#### Hand protection:

Wear suitable gloves resistant to chemical penetration. Wear suitable gloves tested to EN374

#### Eye protection:

Safety glasses with side guards should be worn to prevent injury from airborne particles and/or other eye contact with this product

#### Skin and body protection:

Wear suitable protective clothing

#### **Respiratory protection:**

Where exposure through inhalation may occur from use, respiratory protection equipment is recommended

### Personal protective equipment symbol(s):

#### Other information:

Do not eat, drink or smoke during use.

9.2. Other information			
VOC content : < 1 g/l			

SECTION 10: Stability and reactivity		
10.1. Reactivity		
The product hardens by contact with water.		
10.2. Chemical stability		
Stable in use and storage conditions as recommended in item 7.		
30/06/2020 (Version: 2.0)	EN (English)	3/6

### Safety Data Sheet

according to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EU) 2015/830

10.3. Possibility of hazardous reactions None under normal use.

10.4. Conditions to avoid Moisture. Air contact.

### 10.5. Incompatible materials

None to our knowledge.

10.6. Hazardous decomposition products

Under normal conditions of storage and use, hazardous decomposition products should not be produced.

<b>SECTION 11: Toxicological information</b>	
11.1. Information on toxicological effects	
Acute toxicity (oral)	: Not classified
Acute toxicity (dermal)	: Not classified
Acute toxicity (inhalation)	: Not classified
Skin corrosion/irritation	: Repeated or prolonged skin contact may cause irritation progressing to a burn
Serious eye damage/irritation	: May cause serious damage to eyes
Respiratory or skin sensitisation	: May cause sensitization by skin contact.
Germ cell mutagenicity	: No data available.
Carcinogenicity	: No data available.
Reproductive toxicity	: No data available.
STOT-single exposure	: May cause respiratory irritation
STOT-repeated exposure	: No data available.
Aspiration hazard	: No data available.
Potential adverse human health effects and symptoms	: No data available.

SECTION 12: Ecological information			
12.1. Toxicity			
Ecology - general	: No data available.		
Hazardous to the aquatic environment, short-term (acute)	: Not classified		
Hazardous to the aquatic environment, long-term (chronic)	: Not classified		
12.2. Persistence and degradability			
FIBREXTER			
Persistence and degradability	No data available.		
12.3. Bioaccumulative potential			
FIBREXTER			
Bioaccumulative potential	No data available.		
12.4. Mobility in soil			
FIBREXTER			
Ecology - soil	No data available.		
12.5. Results of PBT and vPvB assessment			
No additional information available			
12.6. Other adverse effects			
Other adverse effects	: No data available.		

<b>SECTION 13: Disposal considerations</b>	
13.1. Waste treatment methods	
Regional legislation (waste)	: Disposal must be done according to official regulations.
Waste treatment methods	: Avoid discharge to the environment.
Product/Packaging disposal recommendations	: Dispose in a safe manner in accordance with local/national regulations.
Ecology - waste materials	: Avoid release to the environment.

# SECTION 14: Transport information In accordance with ADR / RID / IMDG / IATA / ADN

## Safety Data Sheet

according to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EU) 2015/830

14.6. Special precautions for user				
Overland transport				

No data available

### Transport by sea

- No data available
- Air transport

No data available

#### Inland waterway transport

No data available

### Rail transport

No data available

14.7. Transport in bulk according to Annex II of Marpol and the IBC Code Not applicable

### **SECTION 15: Regulatory information**

15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

### 15.1.1. EU-Regulations

Contains no REACH substances with Annex XVII restrictions

Contains no substance on the REACH candidate list

Contains no REACH Annex XIV substances

Contains no substance subject to Regulation (EU) No 649/2012 of the European Parliament and of the Council of 4 July 2012 concerning the export and import of hazardous chemicals.

Contains no substance subject to Regulation (EU) No 2019/1021 of the European Parliament and of the Council of 20 June 2019 on persistent organic pollutants

VOC content

: < 1 g/l

### 15.1.2. National regulations

No additional information available

15.2. Chemical safety assessment No chemical safety assessment has been carried out

SECTION 16: Other information		
Indication of changes:		
Revision - See : *.		
Data sources	: REGULATION (EC) No 1272/2008 OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL of 16 December 2008 on classification, labelling and packaging of substances and mixtures, amending and repealing Directives 67/548/EEC and 1999/45/EC, and amending Regulation (EC) No 1907/2006.	

Other information

### Safety Data Sheet

according to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EU) 2015/830

: DISCLAIMER OF LIABILITY The information in this SDS was obtained from sources which we believe are reliable. However, the information is provided without any warranty, express or implied, regarding its correctness.

Full text of H- and EUH-statements:				
Eye Dam. 1	Serious eye damage/eye irritation, Category 1			
Skin Irrit. 2	Skin corrosion/i	rritation, Category 2		
Skin Sens. 1	Skin sensitisatio	on, Category 1		
STOT SE 3	Specific target organ toxicity — Single exposure, Category 3, Respiratory tract irritation			
H315	Causes skin irritation.			
H317	May cause an allergic skin reaction.			
H318	Causes serious eye damage.			
H319	Causes serious eye irritation.			
H335	May cause respiratory irritation.			
Classification and procedure used to derive the classification for mixtures according to Regulation (EC) 1272/2008 [CLP]:				
Eye Irrit. 2	H319	Calculation method		
Skin Sens. 1	H317	Calculation method		

### SDS EU (REACH Annex II)

This information is based on our current knowledge and is intended to describe the product for the purposes of health, safety and environmental requirements only. It should not therefore be construed as guaranteeing any specific property of the product.
